

ZTWY系列整流电源
ZTWY Series Rectification Source

适用范围 Applicable

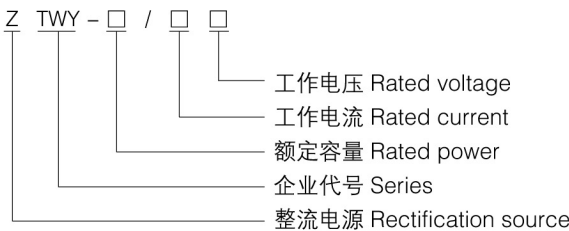

ZTWY 系列整流电源，适用于交流 50Hz-60Hz，额定电压 380V，功率 250VA-400VA，两相、三相恒压、恒流的控制电源。ZTWY 系列整流电源在 JN 系列整流电源上增加超负载高分断电源保护器，加大了通风空间，延长了整流电源变压器的使用寿命。

ZTWY Series Rectification Source suitable for ac voltage 50Hz-60Hz, rated voltage 380V, Rated power 250VA-400VA, two phase, three-phase constant-voltage and constant-current control power. ZTWY Rectification Source in JN series Rectification Source increases ultra high load off power, increasing the protector, extend the space ventilation rectifier power transformer life-span.
